KEY SKILLS

Zapier Workflow Automation | Google Workspace | Email Management | Calendar Management | Data Entry & Records Management | AI Tools Integration | Canva Design | Document Management | Administrative Support | Attention to Detail | Process Automation | Report Writing

PROFESSIONAL EXPERIENCE

Independent Virtual Assistant & Automation Projects

Self-Employed | Freelance | Remote *January 2026 – Present*

- Built an AI-powered order processing and customer retention system using Zapier, Tally, and Google Sheets — automating follow-up emails and reducing manual processing time by an estimated 5+ hours per week
- Developed a client expense and income tracker in Google Sheets with SUMIFS formulas and automated dashboards — enabling real-time financial visibility without manual computation
- Designed a multi-platform content creation automation pipeline using Zapier and AI tools — automating daily script generation, image creation, and video publishing across YouTube and Instagram
- Built an automated daily weather report bot using Zapier that triggers at 7 AM daily, processes AI-generated summaries, and delivers formatted reports to inbox with zero manual effort

Enlisted Personnel

Philippine Coast Guard | Full-time *May 2019 – February 2026*

- Built a complete documentation and file management system from scratch at Camotes Island substation — organized 80+ official files in Google Drive and established shared access for a 4-person team with zero prior digital system in place
- Prepared and submitted 10+ official government reports monthly including Vessel Safety Enforcement Inspection Reports, Operational Reports, Administrative Documentation, and Logistics Reports. Maintaining full compliance with Philippine Coast Guard standards.
- Designed and delivered presentation materials for official military briefings using PowerPoint and Google Slides — supporting command-level decision making
- Managed all official email communications and administrative correspondence for the substation, maintaining professional standards across all government channels
- Revived an inactive official Facebook Page by creating content, publishing operational updates, and communicating public information, increasing visibility of Coast Guard activities within the community

Data Encoder (Job Order)

Department of Social Welfare and Development (DSWD VII - SFP) | Part-time *February 2017 – October 2017*

- Encoded and managed 20,000+ beneficiary records for the Supplementary Feeding Program at approximately 100 records per day, maintaining high accuracy across all entries
- Ensured data integrity and consistency across multiple government reporting systems through systematic cross-referencing and verification
- Maintained organized physical and digital records in compliance with DSWD documentation standards throughout the 9-month contract

TECH PROFICIENCY

Productivity & Admin: Google Workspace (Docs, Sheets, Slides, Drive, Calendar, Gmail, Meet), Microsoft Office

Communication: Google Meet, Zoom, Gmail

AI & Automation: Zapier, Google AI Studio (Gemini), ChatGPT, AI-assisted content tools, Claude.AI

Design & Content: Canva, CapCut

Data & Records: Google Sheets (SUMIFS, data validation, dashboards), data entry, file management, documentation

EDUCATION

Bachelor of Science in Aircraft Maintenance Technology

Philippine State College of Aeronautics | MBEAB Campus, Philippines | Graduated 2014

CERTIFICATIONS

- TESDA NC II — Computer Systems Servicing | TESDA | January 2026 | Valid until January 2031
- Coast Guard Information System Technician Specialization Course | Coast Guard Weapons, Communications, Electronics, and Information System Training Institute | January 2026

REMOTE WORK READINESS

Internet: Pocket WiFi (currently upgrading to fiber broadband) | Backup Internet: Globe Mobile Data Hotspot
